## LIZZ

You are a righteous one. You da boss.

### RESTRICTIONS

Your Prime Requisite is spunk, but that don't matter. You got all the juice. You fight like a Thief. You can use little bitty weapons like daggers, short swords, and little bows. You can wear armor what was made or modified to fit ya, but you ain't no good at it and when you gets hit with a 20 or you rolls a 1 it falls off. You gots a 3 in 6 shot at makin' any magic doohickie do its thing but if ya rolls a 6 something *real bad* gonna go down.

### SPECIAL ABILITIES

**Lizard Luck:** Sometimes da crazy universe has a heart an' smiles luck down on ya like sweet rain. If things go south, you can petition the big ole 'verse however ya like and if ya

makes yer savin' throw vs. spells somethin' *real good* gonna go down. 'Course... if ya was ta fail dat save real bad... well, you might get tossed about like a piece of cabbage.

**Honey Magnet:** You is not only da boss o' adventure, you is da boss o' the ladies. When you see a dew eyed sweetmeat of a mountain cantelope (a female, or whatever), you gotta save vs. spells or be compelled ta woo her wit witty words and witticism stuff. Roll a d20. If you happen ta gets a 20 she's all into ya like a **charm person** done happened. Otherwise, who knows?
